Mac Driver v10.4.7

Drivers for KONA, Io XT, Io Express and T-TAP™ Mac products

General

This driver version is compatible with Mac OS X 10.7 (Lion) and OS X 10.8 (Mountain Lion).

If installing onto a computer that has previously had another video capture card or drivers, we recommend running the AJA Conflict Checker utility BEFORE installing the software.

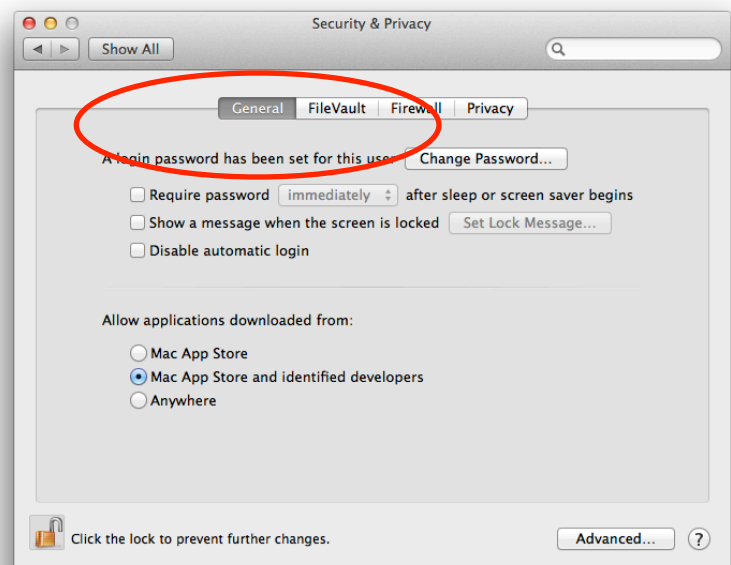

The AJA Conflict Checker will help you identify old drivers or software files that need to be removed before installing the new software.

Also, please read the “ReadMeFirst.PDF” document, particularly if installing for the first time.

Installation Notes—Please Read

Mac OS X 10.8 Gatekeeper

On Mountain Lion, ensure that the Security & Privacy settings are configured to allow applications downloaded from Mac App Store and identified developers, as shown.
