Notes

- Please make a careful note of the specific CF card versions listed above. CF card manufacturers may have more than one type of CF card offering in their product line.

- Using non-qualified CompactFlash cards with the AJA Ki Pro Mini is strongly discouraged. Using non-qualified CompactFlash cards may result in dropped frame warnings, media mounting issues, or other problems.
- This list may change as new CompactFlash cards become available. Visit the AJA Ki Pro Mini support web page for the latest AJA-qualified CompactFlash cards for use with Ki Pro Mini:
