

Release Notes

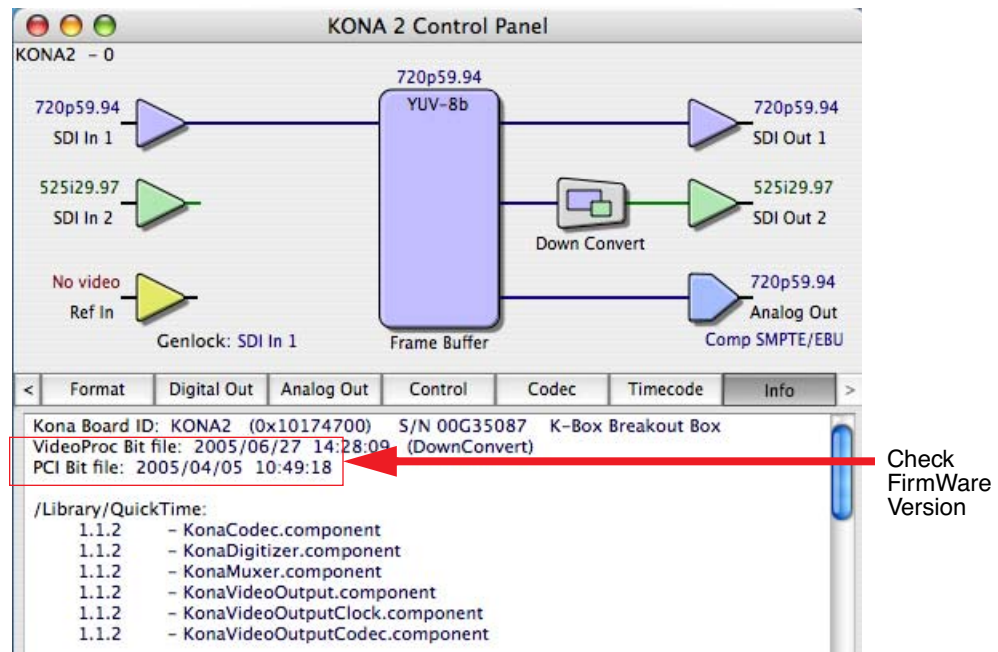

**FirmWare
Version
2005/04/05**

KONA 2

In This Release

This Firmware Updater updates the PCI firmware of the KONA 2 board to:
PCI Bit file 2005/04/05.

The currently installed version can be checked in the Kona Control Panel > Info tab:

Where Required

If you have a FirmWare version prior to 2005/04/05, and wish to use a KONA 2 driver version 1.1.1 or later, then you should run the 2005/04/05 FirmWare updater.
