

# AJA eMini-Setup v2.4.1 for Windows Release Notes

## Windows Control Software for AJA Mini-Converters, HELO Plus, HELO, ColorBox and KUMO

### Introduction

---

AJA's compact utility for configuring network settings and applying firmware updates across the following AJA devices:

- AJA HELO Plus
- AJA HELO
- AJA ColorBox
- AJA IPT-10G2-HDMI, IPT-10G2-SDI, IPR-10G2-HDMI, IPR-10G2-SDI, IPR-10G-HDMI
- AJA IPT-1G-HDMI, IPT-1G-SDI, IPR-1G-HDMI, IPR-1G-SDI
- AJA KUMO Routers and Control Panels, FW v4.5.0 and later (with USB port)
- AJA Mini-Connect

### Obtaining eMini-Setup

---

eMini-Setup software for Windows can be obtained directly at this link:

- <https://www.aja.com/products/aja-eminisetup#support>

Along with the eMini-Setup Software, the download package also contains product manuals which were current at the time of the eMini-Setup software release.

Manuals are also available via the support sections of the specific product pages of the AJA website:

- <https://www.aja.com/support>

### Firmware Upgrade Procedure

---

In order to use eMini-Setup to update firmware for AJA HELO Plus, HELO, IPT-10G2-HDMI, IPT-10G2-SDI, IPR-10G2-HDMI, IPR-10G2-SDI, IPR-10G-HDMI, IPT-1G-HDMI, IPT-1G-SDI, IPR-1G-HDMI, IPR-1G-SDI, KUMO, or Mini-Connect, please refer to the appropriate individual product manual(s) as outlined above.

## Fixes, Changes and improvements in eMini-Setup v2.4.1

---

- Added: KUMO-6464-12G-1 configuration
- Fixed: When running under some Windows 11 releases, the application could occasionally report that a software update on an AJA product had failed.

## Known Issues

---

- All KUMO routers and control panels (with USB port) must be updated to KUMO firmware version 4.5.0 or higher before eMini-Setup can see it and be used to configure it.
- Communication between a PC and AJA Mini-Converter may be negatively impacted by certain USB hubs or extender cables. If you experience connectivity issues, try using a different USB hub, directly connecting the AJA Mini-Converter to your PC, and eliminating any passive USB extension cables.
- When user authentication is disabled using eMini-Setup, open login pages will not redirect automatically. On Mini-Connect, click the "Login" button without a password. On HELO, IPT-1G-SDI, IPT-1G-HDMI, IPR-1G-SDI, IPR-1G-HDMI and IPR-10G-HDMI, IPR-10G2-HDMI, IPR-10G2-SDI, point the browser at the device's IP address to get back in.

## Technical Support

---

AJA Technical Support is free and available to help answer questions or resolve issues with any of your AJA products.
