Impending Product End of Life Notification

After 8 successful years of availability, AJA Video Systems, Inc. will officially end of life the following CORVID® products: Z-OEM-CRV3GT-R0 and Z-OEM-CRV3GS-R0. LTB (Last Time Buy Date) will be January 31, 2019. LTS (Last Time Ship Date) will be March 29, 2019. Subsequently these two products will no longer be available and will be removed from our price list.

CORVID 3G has been superseded by KONA 1, which has an increased feature set for a lower price (US MSRP \$595): www.aja.com/products/kona-1. KONA 1 has the same compatibilities as the CORVID 3G including tall (KONA-1-T-R0) and short (KONA-1-S-R0) versions, although KONA 1 is supported via SDK v14.2 or later.

AJA Video Systems, Inc. is providing advanced notice so you may contact your customers and integration partners to help them make arrangements to transition to KONA® 1 and if necessary begin your update to the appropriate AJA SDK version. To get the very most out of KONA 1, SDK v15.0 or later is recommended.

Continued Hardware Support

CORVID 3G models purchased as LTB, will continue to enjoy AJAs standard 3 year warranty. RMA's for Z-OEM-CRV3GT-R0, Z-OEM-CRV3GS-R0 will be replaced with the same where possible, although we reserve the right to swap for the appropriate KONA 1 model.

Continued Software Support

As of AJA SDK v15.0.1, CORVID 3G is considered feature complete, meaning that no new features or functionality will be added after this version. Additionally, there will be no further updates to documentation specific to CORVID 3G

AJA SDK Support will continue to be available to CORVID 3G developers, and AJA will seek to continue maintaining CORVID 3G features and capabilities as available in v15.0.1 for the foreseeable future. Likewise, to the extent possible, compatibilities with subsequent OS and 3rd party software versions will also be maintained. KONA 1 will continue to receive all applicable updates. There is NO EOL plan for KONA 1.

If you would prefer a 12G-SDI replacement for CORVID 3G, we invite you to consider the new KONA 5 (US MSRP \$2995): www.aja.com/products/kona-5
