# Ki Pro Ultra Plus Impending End of Life Notification

Wednesday, September 2, 2020

AJA Video Systems is planning to officially End of Life (EOL) the **Ki Pro Ultra Plus**, a 3G-SDI digital player and recorder. Ki Pro Ultra Plus (KI-PRO-ULTRA-PL) has served AJA customers and developers well for a number of years. Ki Pro Ultra Plus is superseded in feature set by AJA's **Ki Pro Ultra 12G** (KI-PRO-ULT-12G), which has numerous features and enhancements such as 12G-SDI connectivity and is offered at the same MSRP.

Last Time Buy date (LTB) will be [September 30, 2020](#), and the product will be removed from the price list by this date.  
Last Time Ship date (LTS) will be [October 30, 2020](#), and the product will not be available after this date.

### **Continued End User Technical Support**

Ki Pro Ultra Plus purchased as new from an authorized AJA Reseller will continue to enjoy AJA's standard three (3) year warranty.

AJA Video Systems is providing advanced notice so you may contact your customers and integration partners to help them make arrangements to transition to Ki Pro Ultra 12G as necessary for their workflows.

Ki Pro Ultra Plus firmware will be considered feature complete as of version 5.1, and no new features or functionality will be added after this version. Additionally, there will be no further updates to documentation specific to Ki Pro Ultra Plus.

Please contact your AJA Sales Manager for further details.
